KAMAL Food Products has set up of the plants in Ahmednagar (Maharashtra) for meeting the ever growing demand of wide range of spices of the customer . The company procures raw material directly from the origin to maintain uniform taste and quality. The raw material is first cleaned, dried and tested before processing. It is then carefully grounded into the finished product passing through various stages. Fully automatic machines have been installed for this process.

KAMAL Food Products has a range of 14 products available in over 50 different packages. Designed to cater to the varied needs of consumers.

We are having a skilled & expert manpower in production department. Our products are tested by food hygiene & health laboratory in pune. We always take care about housekeeping & to maintain the clean & hygienic environment in our premise .

We always ready to serve our products with best quality to our valuable consumer
